

## Brisbane Docs 4 Docs Register: Consent

The **Brisbane Docs 4 Docs Register** provides details of General Practitioners who are willing to take on colleagues as patients. The Register assists doctor-patients in their selection of a doctor who will best suit their lifestyle, needs and personal preferences.

The Register is available:

- on divisions of general practice websites via a password access
- to individual doctors on request
- to local hospitals, the Doctors' Health Advisory Service, AMAQ.

Your profile details will help potential doctor-patients to find a GP to suit their needs however, you do not have to provide these details if you do not wish to do so.

To become a Doc for a Doc, complete all details below, [sign and fax to 07 3630 7309](tel:0736307309) (secure fax).

Please include my details on the Brisbane Docs 4 Docs register. I understand only the details I provide below will be distributed as described above.
