

# Refugee Immunisation Data Capture

To ensure Queensland Health funded vaccines are recorded for your refugee patients, please provide the following information after an immunisation event:

## If the patient is identified as a Refugee and is:

- 👉 **Under 8 years of age** - follow your routine process for childhood immunisations, transmitting data to ACIR **or** mailing to VIVAS
- 👉 **8 years and over** - Record the patient as a Refugee on an immunisation patient summary report (or Medical software vaccination record printout) for the purpose of the funded program

**Please Note:** Electronic transfer of adult Refugee data is not a reliable method of data capture

**Mail to:** VIVAS  
Reply Paid 2368  
FORTITUDE VALLEY BC 4006

## The Immunisation summary:

### Person details

- Name - Surname (in capitals if possible) & Given Name
- DOB
- Address
- Medicare number (if known)

### Vaccine/s

- Vaccine name
- Vaccination date
- Batch number
- Vaccine Service Provider number

Contact QHIP to order vaccines **pre appointment** to ensure adequate vaccine supplies. QHIP will include Queensland Health approved refugee funded vaccines with your vaccine order, including Hepatitis B vaccine.
